KASTELLORIZO LAND TOUR

Discover Kastellorizo, Greece's most remote inhabited island, shaped by maritime trade, migration and life at the edge of the Aegean.

Personally curated and hosted, this small-group journey travels from Athens to Rhodes and onward to Kastellorizo, combining ancient landmarks, medieval streets and remote island landscapes. Explore the Acropolis, wander Rhodes Old Town, swim in crystal-clear waters, visit the Blue Grotto and enjoy refined local gastronomy drawn from generations of island tradition. Designed to move beyond the standard tourist route, the itinerary balances cultural depth with time to relax, swim and experience authentic Greek island life.
